

Thursday, June 16, 2022

Hi Meadowlarks. It's June already, the time is flying. Our last newsletter was in March.

So a couple of fun stuff about April and May. First the birthdays. Carol Horam was in April, and Sharon Sara and Starla Sexton were in May. Happy belated. I have no one listed in June, so if this is in error, let me know.

April is named for the love goddess Aphrodite. The gem is the diamond, and its flowers are Daisies and Sweet Pea. In some parts of the world April is planting time, and in other parts, harvest time.

May is named for the Greek Goddess of fertility Maia. Its stone is the Emerald which represents love and success. Flowers are Lily of the Valley and Hawthorne. May hosts the Kentucky Derby and Cinco de Mayo.

June used to be the fourth month but after the calendar changed to 12 months instead of 10 it got bumped to 6th. It celebrates the longest of daylight hours of the year. Its name is derived from the Goddess of Marriage, Juno. And June has three gems, the Pearl, the Moonstone, and the Alexandrite. June flowers are the Rose and the Honeysuckle.

Some of the Larks attended a social event last night at Board and Brush. There were 12 of us and it was a really good time. We made wooden signs, or wooden tic tac toe boards, and other various projects. I am inserting a pic of my project. I am going to put it up for sale at the Market.

The next Market planning meeting will be held Monday June 20 at 6pm at Uncle Charlies, please join in. Our third annual Market is being held on August 13.

Many of the Larks have travel plans this summer, so if you do go, enjoy your trips. We will keep you all in the loop about any upcoming projects. Thank you to those who volunteered to make the spaghetti dinner for Saturday June 11th. The deck was finished ahead of time and the Veterans were able to return to their apartments early, so they did not need the dinner after all. However, it was very much appreciated we had it taken care of.

The Larks were well represented at the State Convention in Thermopolis in April and it was a very good convention.

Hoping this Newsletter finds you in good health and safe. Take Care, Flo
