Important New Guidelines at General Meeting!

In an effort to streamline our general meetings the board voted to have board minutes sent out for board approval on Monday following meeting. Board members have until Wednesday evening to submit any corrections. The Board minutes will be e-mailed or mailed to members to look at and read. The General meeting will no longer be a repeat of the board meeting so please read the minutes. We will still have a few things to discuss and vote on but this should significantly reduce the length of general meeting. Please check your mail and read the minutes from board. If anyone has something not discussed at board to add at general, please submit to Marcia Volner as early as possible before the general meeting. This is a trial so if changes need to be made the board will discuss. Please give

us feedback.
